

PHIRAPHAT THIANGTHIT

FULL-STACK DEVELOPER

Phone:(+66) 64-714-6052 | Email: phiraphatthiangthit@gmail.com

GitHub: <https://github.com/LemoneyShark>

Computer Engineering graduate with hands-on experience in Full-stack Development and DevOps. Proven track record in building end-to-end applications to deploying production environments using Docker. Decisive developer focused on system scalability, demonstrated by migrating databases for performance and implementing token-based security. Committed to writing high-quality code through technical feedback and continuous system optimization.

SKILLS & PROFICIENCIES

- Computer Languages: Proficient (Python,Dart),Intermediate(TypeScript,SQL)
- Frameworks & Lib: FastAPI,Flutter,Next.js,React,Tailwind
- Database: PostgreSQL, MongoDB
- Tool: Docker,Git,Postman
- Languages: Thai (Native),English(Communication, Technical Documentation)

WORK EXPERIENCES

Botnoi Consulting Co., Ltd.

Apr – Jun 2025

Backend Developer Intern

- Design of RESTful APIs to streamline data management processes.
- Refined the medical staff rostering Web Admin system, enhancing system efficiency through Frontend-Backend synchronization.
- Developed a specialized backend module to transform Excel data into image formats.

Graduate School, Naresuan University

2023 – 2024

Developer

- Deployed and managed production servers on Ubuntu using Docker & Docker Compose for container orchestration.
- Optimized data architecture by migrating legacy SQLite databases to PostgreSQL.
- Built a secure PDF viewing platform, incorporating URL Token security to safeguard academic documents.

NU Hackathon & Pitching Participant, Naresuan University

13 Sep 2024

Full-Stack Developer,UX/UI

- Built a web interface and intuitive dashboards to visualize test data.
- Collaborated with team to deliver a functional MVP within a strict 48-hour.

PROFESSIONAL PROJECTS

Senior Thesis : Banana Species Identification Application

- Developed an cross-platform application using Flutter to identify Thai banana.
- Designed system architecture, including UX/UI and database schema, ensuring a scalable and user-friendly experience.

Personal Portfolio website: using Next.js and Tailwind CSS to showcase my projects and technical skills.

EDUCATION

Bachelor of Engineering in Computer Engineering

Naresuan University

Faculty of Engineering, 3.13 GPAX
